The Art of Crafted Luxury

The attendees of the Chardonnay Pinot Classic come from a diverse background all with an appreciation of the finely crafted, artisanal quality that expresses itself in expertly crafted bottles of wine.

With an eye toward luxury, our attendees appreciate the full immersion experience & rich educational opportunity to learn every aspect of what is in their glass; from vine to dine.

What is the Chardonnay Pinot Classic?

The Chardonnay Pinot Classic stands to be the preeminent Chardonnay and Pinot Noir focused wine event of the year. Bringing together the world's finest vintners in an exclusive invite-only participation of over 60 wineries, we will showcase the immense variety and expression of a single varietal. From still to sparkling, crisp to oaky, and everything in between; we explore the "Winemaker's Grape" and journey through each producer's wine.

The Chardonnay Pinot Classic gathers together winemakers, industry professionals, and enthusiasts alike to more fully learn and appreciate the vast intricacies and expressions of a simple and humble grape. With a focus on educational sessions, grand tastings, and expertly crafted experiential dinners; we create an environment that fosters both business relationships and deep friendships that promotes lasting community among all involved in creating and enjoying every bottle of wine.
